BULLETIN NO. 3

January 17, 1934

NOTICE: In our opinion there will be a real activity in spring planting. Not in several seasons have prospects looked so good to us. And we are not forcing this optimism — conditions ARE improving certainly and rapidly. We offer you a very complete assortment of good stock that has been taken care of, including many specialties that will attract sales.

# Terms and Conditions of Sale

---

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes, and in accordance with provisions of statement of existing Federal laws appearing on title page.

**THE PRICES** in this list are based upon present market conditions and are subject to change without notice. These are wholesale prices and apply only to wholesale quantities; in no case will we fill retail orders even from nurserymen. All orders should be made up for 10's or multiples of 10.

**TERMS.** 60 days net, 1% discount 30 days, 2% discount 10 days, from date of shipment. Interest at 6% per annum to be paid after maturity. These terms are offered to those of established credit. Cash, security, or satisfactory references are required from unknown parties.

**SHIPPING.** Customers are requested to give definite instructions for shipping. In the absence of special instructions we will use our own judgement, but with the distinct understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore, and the Pennsylvania Railroads, enabling us to ship in any direction over trunk lines.

**BOXES** will be charged for at the rates noted below.

10 ft. 30 in. x 30 in.....	\$4 50	10 ft. 20 in. x 20 in.....	\$3 15
10 ft. 28 in. x 28 in.....	4 20	10 ft. 18 in. x 18 in.....	3 00
10 ft. 26 in. x 26 in.....	4 00	10 ft. 14 in. x 16 in.....	2 50
10 ft. 24 in. x 24 in.....	3 50	10 ft. 12 in. x 14 in.....	2 30
10 ft. 22 in. x 22 in.....	3 25		

Add 50 cents on all sizes of 12-foot boxes; decrease in same proportion for shorter boxes.

**BALES** will be charged at actual cost of the material. We make no charge for packing or for delivery to the railroad station.

**CLAIMS** for any cause must be made promptly on receipt of goods. Any stock that is not exactly as represented must be reported promptly and on authority should be returned to us immediately. We will cheerfully and without question credit back the unsatisfactory plants, or send others; but we will not entertain claims made after goods have been once accepted, or when report is not made within ten days after arrival of the stock.

**LIMITED LIABILITY AND NON-WARRANTY.** We express or imply no warranty as to productiveness or life of the stock we sell. It is mutually agreed that our liability for untrueness to name is confined to free replacement or refund of purchase price plus interest, and should the stock prove to be untrue to the name under which it is sold, it is further agreed that such adjustment shall be the liquidated damages and all the damages to which the purchaser shall be entitled by reason of the premises.

**INSPECTION AND FUMIGATION.** Certificate of Inspection will be furnished with every shipment and, when required, stock will be fumigated.

**SPECIAL NOTICE.** Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers. We use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them.

**LOCATION.** We are located 30 miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

# Jackson & Perkins Novelties

## For 1933-34

**E**ACH year Roses become more important in the nursery trade. Popular knowledge of Roses has increased steadily to the point where the older varieties no longer dominate the field. Articles in magazines and books, and the numerous Rose lecturers have taught the Rose-buying public that the most intense form of Rose-pleasure is to be found in growing new varieties.

The cultivation of novelties has become a sort of sport, a "chase" for different and better things. Gardeners delight in putting their skill against new things; they are happily satisfied if only a small portion of their adventures result in the discovery of a variety of enduring merit. The thrill is in the chase, not in the kill. Everyone is happy if he gets a good run for his money.

Nurserymen must cater to this urge for new varieties, and they must also see to it that they let no slow horses into the race. That is why we have equipped ourselves with a painstaking Research Department, whose business it is to find new Roses which will give the purchaser the best value.

Here we offer a superlative list of new Roses which have come into commerce in the past year or two. Not all of them are perfect—nobody expects that—but they all have points of interest, and several of them are so distinct and worthy that we are sure they will find a permanent place in the Rose-gardens of the future.

### Jackson & Perkins Introductions

Five plants of a novelty variety at the 10 rate

	Per 10	Per 100
<b>AROMA. HT.</b> (B. R. Cant 1932). Brilliant scarlet—a color rare in roses; large, full bloom, beautifully formed, richly fragrant, hence its name. Plant vigorous, hardy. Foliage healthy.....\$500 per 1000..	\$ 7 50	\$ 60 00
<b>BLAZE.</b> (Everblooming Paul's Scarlet Climber). (J & P 1932) See specialty page.....\$850 per 1000..	12 50	100 00
<b>COUNTESS VANDAL. HT.</b> (M. Leenders 1932). See specialty page.....\$650 per 1000..	10 00	75 00
<b>DAZLA. Pern.</b> (B. R. Cant 1930). The most dazzling color in Roses—brownish orange, evolving into orange-scarlet. Blooms semi-single but immense. A striking bedding variety for unusual color effect.....\$400 per 1000..	5 50	45 00
<b>DOTTY. Pern. H.</b> (Towill 1931). Coloring of the bud strongly reminds of Rev. F. Page-Roberts, while the bronze tint remains in the open bloom. A splendid grower with glossy foliage. Unusually healthy for the type.....\$400 per 1000..	5 50	45 00
<b>EDITH KRAUSE. HT.</b> (Max Krause 1931). Probably the most beautiful white Rose in existence. Very large white bud with a greenish tint, opening to a majestic, perfumed bloom of pure white. Long, strong stems for cutting. Unusually hardy.....\$650 per 1000..	10 00	75 00
<b>FANTASY. HT.</b> (Dunlop 1932). Bred in Canada and unusually hardy. Big, full bloom, flesh pink and pearl. Very robust plant.....		
<b>GOLDEN CLIMBER.</b> (Mrs. Arthur Curtiss James). Wich. Hyb. (W. D. Brownell 1933). See specialty page.....\$850 per 1000..	12 50	100 00
<b>GOLDEN SALMON SUPERIOR.</b> Poly. (DeRuiter 1932. An improvement on Golden Salmon. The color is more lasting in the sun.....	5 00	40 00
<b>GOV. ALFRED E. SMITH. Pern. Hyb.</b> (Denogel 1932). Large salmon and gold bloom rounded like a "bomb" peony. (Plant Patent No. 62).\$850 per 1000..	12 50	100 00

The Wholesale Prices in our lists apply only on Wholesale Quantities. Orders should call for ten of a kind and size, and beyond that for multiples of ten. Stock in our storage buildings is tied in 10's and we prefer not to break bundles if avoidable

# JACKSON & PERKINS CO., WHOLESALE NURSERIES, NEWARK, N. Y.

## JACKSON & PERKINS INTRODUCTIONS—Continued

	Per 10	Per 100
<b>JULIET STAUNTON CLARK.</b> HT. (Robichon 1932). A remarkable new type of bedding Rose as hardy as a Hybrid Perpetual. Very double and extremely fragrant; white with a flesh tint in center. Always in bloom.....	6 00	50 00
<b>KLUIS SCARLET.</b> Poly. A brilliant red Lafayette. Very generous of blooms. Ideal for borders or mass planting.....	5 00	40 00
<b>LILIAN.</b> HT. (B. R. Cant 1931). Large, double blooms of good form; Marechal-Niel-yellow; delicately perfumed. Plant is divergent and makes an ideal bedding Rose.....\$650 per 1000..	10 00	75 00
<b>LOUISE KRAUSE.</b> HT. (Max Krause 1931). A glistening yellow with orange tints; large, full, and fragrant. We consider it one of the best acquisitions of recent years. Long stems for cutting. Handsome, strong foliage.....\$650 per 1000..	10 00	75 00
<b>LUMINEUX.</b> Poly. (DeRuiter 1932). Glistening pink. See novelties.....	5 00	40 00
<b>MARY HART.</b> HT. (Geo. Hart 1931). Plant Patent No. 8. See specialty page.....\$650 per 1000..	10 00	75 00
<b>PRINCESS MARGARET ROSE.</b> Pern. Hyb. (B. R. Cant 1933). Type of Los Angeles. Bud large, long pointed; flower large, double, very fragrant, glowing pink suffused salmon; very disease resistant.....	10 00	75 00
<b>RED ECHO.</b> Poly. A brilliant red dwarf Tausendschon. Continuous bloomer. Most effective for mass planting.....	5 00	40 00
<b>ROSLYN.</b> H. Pern. Large fairly double, golden yellow, scented bloom on long, rigid stem.....	4 00	35 00
<b>SAN JOSE.</b> H. Pern. Selected by the City of San Jose for its "fiesta" colors—orange-red and gold. Very large flower on rigid stem. Extremely vigorous plant with glossy, deep green foliage.....	7 50	60 00
<b>SOUVENIR.</b> HT. Plant Patent No. 25. See specialty page.....\$400 per 1000..	5 50	45 00
<b>SUNKIST.</b> HT. (E. G. Hill 1932). Brownish orange sport of the well-known Joanna Hill. Flowers even larger. Same plant qualities.....\$500 per 1000..	7 50	60 00
<b>VANGUARD.</b> H. Rug. (G. A. Stevens 1932). A new color in the Rugosa tribe. Orange-salmon and gold. Vigorous, with large, glossy foliage. Splendid as specimen bush, in the border, as a climber on a fence, or for a tall hedge..	6 00	50 00

We cannot undertake to supply long and much assorted lists of stock calling for only small quantities of each kind, save at an advance above our printed rates according to quantity

# Other Novelties for 1933 - 34

Five Plants of a Variety at the 10 Rate

	Per 10	Per 100
<b>ALLEN'S FRAGRANT PILLAR.</b> Everblooming Climber. (Allen 1930). Large, full, fragrant, satiny pink blooms. Blooms throughout the season. Hardy. We consider it an improved Staechelin. Does not mildew.....\$650 per 1000..	\$ 10 00	\$ 75 00
<b>APELES MESTRES.</b> Cl. Pern. (Dot 1926). A mammoth Souv. de Claudius Pernet and of the same deep yellow, lasting an unusually long time. Handsome pillar rose.....\$500 per 1000..	7 50	60 00
<b>AUTUMN.</b> Pern. (Coddington 1928). Most extraordinarily colored Rose-bud—burnt, sienna—on strong stems for cutting. Foliage glossy and very dark green .....	4 00	35 00
<b>DAYDREAM.</b> Australian Climber. (A. Clark 1925). Large, semi-single flowers of a dainty rose-pink. Fairly continuous in bloom. Vigorous plant.....	5 00	40 00
<b>E. J. LUDDING.</b> HT. (VanRossen 1930). A seedling of Charles P. Kilham, but brilliant pink. Very robust grower; never out of bloom. Extremely hardy. Specially recommended for "hard-to-grow Roses" territories.....	4 00	35 00
<b>J. C. THORNTON.</b> HT. (Bees 1926). Scarlet-red. Most prolific; never out of bloom. Without equal for color effect.....	4 00	35 00
<b>MARGARET ANNE BAXTER.</b> HT. (Smith 1927). Long-pointed bud; flower large, full, sweetly scented, with a salmon-blush center. Robust plant.....	6 00	50 00
<b>MRS. SAM MCGREDY.</b> Pern. Hyb. (McGredy 1930). Large, fairly double bloom of orange-salmon, with a suffusion of gold. Vigorous, healthy plant. One of the best of the new tribes.....\$500 per 1000..	7 50	60 00
<b>NEW DAWN.</b> Cl. (Plant Patent No. 1). Everblooming Dr. W. VanFleet. Vigorous free blooming.....	10 00	75 00
<b>OLYMPIAD.</b> HT. Very large, cerise-red and crimson bloom on a heavy pedestal of gold—quite a new combination of colors. Flashy.....	4 00	35 00
<b>PAUL GRAMPEL.</b> Poly. (DeRuiter 1931). Flowers deep orange-scarlet, in large clusters. Stands sun and rain better than any of the type.....	5 00	40 00
<b>PORTADOWN BEDDER.</b> HT. (McGredy 1929). A harmonious combination of cerise and orange, with a reverse of orange-yellow. Vigorous and very prolific .....	4 00	35 00
<b>PORTADOWN IVORY</b> (McGredy's Ivory). Long bud with greenish markings, opening to ivory-white, perfectly double blooms; sweet-scented. Vigorous plant. Healthy foliage.....	5 00	40 00
<b>ROSA ROULETTI</b> (Rock-garden Rose). Miniature rock-garden Rose. Very dwarf and perpetual blooming. Small pink flowers. Must be on own roots to retain dwarf size. Ours are on own roots. We do not recommend grafted or budded plants. 2-in. pots.....	4 00	35 00
3-in. pots.....	5 00	45 00
4-in. pots.....	7 50	60 00
<b>S. M. GUSTAVE V.</b> Everblooming H. P. (Nabonnand 1928). One of the finest of the new Hybrid Perpetual breed. Always in bloom, with perfect, live pink, double flowers on long stems for cutting; extremely fragrant. Can be used for bedding.....	4 00	35 00

## ROSES

# Hardy Perennial Plants

We are developing our carefully selected "J. P. V." superior strains, growing from a few specimens only enough seed for our own needs; thus assuring strains on which you can absolutely depend, for high quality and uniformity, and of which we are justly proud.

Strong transplanted stock from the open field.

Varieties marked with an (r) are for Rock Gardens.

Varieties marked with a (c) are excellent for cut flowers.

			Per 10	Per 100
<b>ACHILLEA (Yarrow)</b>

			Per 10	Per 100
c	<b>AQUILEGIA (Columbine)</b>			
1400	<b>BREEZE HILL.</b> (J. P. V. STRAIN). A vigorous, healthy strain of Aquilegia, produced at Breeze Hill Gardens, Harrisburg. Especially wide range of pleasing colors. Individual flowers very long spurred and often 4 to 5 inches across. When open they face upright. Grows 2½-3 ft. Wind resistant stems. We recommend it highly.....		1 20	10 00
500	<b>Caerulea.</b> True Rocky Mountain strain. Long-spurred, blue flowers. May, June. 2-3 ft.....		1 00	8 00
440	<b>Chrysantha.</b> Long-spurred, yellow blooms. Good in combination with A. coerulea. 2-3 ft.....		89	6 00
700	r <b>CRIMSON STAR.</b> New. Bright blood crimson with white corolla. A strikingly attractive plant for rockery or border. 1½ ft. May-June. Forces well. A of M. R. H. S. 1932. A worthwhile novelty.		2 00	15 00
160	<b>Dobbies Imperial Hybrids.</b> Long spurred, vigorous grower; good color range. A well-known European strain. 2-3 ft. tall.....		1 25	10 00
800	<b>Haylogensis Hybrids</b> (J. P. V. Strain). Sharp colors; red, purple, yellow, pink, blue, and white. Upright, erect grower. Long spurred flowers. May-July.		80	6 00
150	<b>Long-spurred, Blue.</b> Beautiful shades of blue.....		1 00	8 00
200	<b>Rainbow Long-Spurred Strain.</b> New. Beautiful long-spurred variety with wide range of live colors.....		1 00	8 00
2000	<b>Mrs. Scott Elliott's Long-Spurred Hybrids</b> (J. P. V. Strain). A delightful strain, selected to delicate soft colors and pastel shades. Large flowers with large petals. Slightly earlier. May to July. 2½-3 ft. Through our own breeding we feel we have greatly advanced this strain.		1 20	10 00
r	<b>ARABIS (Rock Cress)</b>			
45	<b>Alpina.</b> Masses of single, white, fragrant flowers. Borders and rock-gardens. 6 in.....		80	6 00
400	<b>Alpina flore-pleno.</b> Same as above but with double and more showy blooms; larger spikes, but more compact grower.....		1 50	12 00
100	<b>Alpina grandiflora superba.</b> White; large flowering. An improved grandiflora selected for larger flowers. 8 in.....		1 00	8 00
	<b>ARMERIA (Thrift)</b>			
	Splendid evergreen plants which will do in poor soil where less robust plants will not thrive.			
110	<b>Formosa.</b> Beautiful pink flowers. June-July. 20 inches.....		1 00	8 00
200	<b>Maritima Purpurea.</b> White flowers on stiff, wiry stems. 6-12 in. June-July .....		1 00	8 00
c	<b>Artemisia (Sage-Brush)</b>			
360	c <b>Silver King.</b> Erect, spire-like habit, with fine silver-gray foliage, which combines well with almost any flowers. Valuable for foliage effect throughout season. It dries perfectly. 3 ft.....		1 10	9 00
	<b>ASCLEPIAS (Butterfly Weed)</b>			
700	<b>Tuberosa.</b> Orange-scarlet blooms. July-August. 2 ft.....		1 00	8 00
	<b>ASPHODELUS (Jacob's-rod)</b>			
100	<b>Luteus.</b> Yellow, sweet-scented. 3-4 ft. June.....		1 00	8 00
	<b>ASTER (Michaelmas Daisies)</b>			
	The Perennial Asters are a wonderful medium to brighten up the usually drab fall borders. They bloom profusely and greet the returning vacationists with color and cheer. They are easy to grow, revel in ordinary soil, and respond particularly to special attention. We have always liked them and are making great efforts to each year offer the latest advancements.			
690	r <b>ACRIS NANUS (ramosus).</b> New. A dwarf edging plant or rock-garden plant making foot-high pyramids of pale blue flowers in August and September. Neat, compact grower. A real rock garden plant. We recommend it.....		2 00	15 00
900	r <b>Alpinus albus.</b> Fine dwarf white Aster. May, June. 6-8 in.....		1 00	8 00
15	<b>Alpinus ruber.</b> Rosy purple; dwarf.....		1 00	8 00
100	<b>Frikarti.</b> Wonder of Stafa. 2-3 in. individual blue flowers with distinct yellow center. Always in bloom from July to frost. Bushy habit. About 3 ft. tall. A very fine acquisition to the summer and fall garden. 2-in. pots.....		2 50	20 00
60	<b>Cordifolius, SILVER SPRAY.</b> Novelty. Long, arching sprays smothered with a solid mass of silvery pale lilac flowers from the ground to the tips. Produce a graceful, charming effect. A glorification of our native cordifolius. 4 ft.....		6 00	50 00
100	<b>HYBRIDUS LUTEUS.</b> New. Masses of bright clear yellow star-shaped flowers; compact habit. A border acquisition of yellow from July to September. Grows 2 ft.; bushy. Cuts freely; keeps well.....		2 50	20 00
800	<b>HYBRIDUS LUTEUS.</b> Masses of small golden yellow flowers. August, September. 3 in. pots .....		2 00	15 00

We cannot undertake to supply long and much assorted lists of stock calling for only small quantities of each kind, save at an advance above our printed rates according to quantity

c	<b>DELPHINIUM (Larkspur)</b>			
250	<b>EXTRA SELECT HYBRIDS Double White. (J.P.V.)</b>	For years the Delphinium world has reached for clear white flowers. We are offering here selected plants of Double White Delphiniums which we think are very fine. They are vigorous, tall growers and in a bed accentuate beautifully the blue shades. They can readily be used in the old Madonna Lily combinations. These plants are the results of much patient hybridizing. We prize them highly; height 4-5 ft. For those who prefer we can also offer some large flowered single plants	12 50	100 00
500	<b>EXTRA SELECTED HYBRIDS. (J.P.V.)</b>	We grow many hundred thousand Delphiniums and in that number, of course, have some very highly prized beds of plants. These groups are ruthlessly rogued down to a very small number of plants which approach our ideals. The vigor of our strains still predominates, plus the largeness of bloom, doubleness and interesting shadings of color from Blues and Purples thru Mauves to near Pinks. There are also a few whites in this assortment. Doubles and semi-doubles are in the majority, with a small percentage of outstanding singles. The individual pips are all very large and are borne on long, well-filled spikes. 5 ft.	7 50	50 00
3000	<b>Belladonna.</b>	Clear turquoise-blue. 1-yr.....\$ 45 per 1000..	70	5 00

2000		<b>Vanderbilt Hybrids.</b> The basic strain for hardiness and mildew resistance of most American delphiniums. We strongly recommend it. Flowers and plants vigorous. Quick come-back with "all out at once." Wide range of translucent colors. We are offering this free lower growing and almost continuous flowering strain to the many friends it has made in the past years. 4 ft. 1-yr.....		
		.....\$ 75 per 1000..	1 20	10 00
500		<b>Vanderbilt Hybrids.</b> 2-yr.....\$120 per 1000..	2 00	15 00
450		<b>VANDERBILT HYBRIDS IMPROVED.</b> This American strain built up by Major Vanderbilt has been noted for its health and vigor, its freedom of bloom, its very wind-resistant stems, its purity of colors and its "all-out-at-once" habits. Mr. Vanderbilt has in the last few years added height and length of spike, advancing it towards our ideals in Delphiniums. The colors lie in delicate shades of Blue, Mauve and Pink, with many self blues and have a translucent sheen on most of the flowers.....	1 50	14 00
450		<b>Wrexham Hybrids.</b> The well-known Wrexham type with large conical spikes and side branches. Contains a good selection of colors mostly towards the darker shadings. 5 ft.....	80	6 00
85		<b>Wrexham Hybrids, Fancy Strain.</b> Our improvement of the well-known Wrexham strain. Bred very closely for healthy vigor, color and free flowering characteristics, we feel it is a fine American advance. 5-6 ft.....	1 50	12 00
500		<b>WREXHAM HYBRIDS, SANTA ROSA STRAIN.</b> Our own favorite in our numerous Wrexham strains. Developed under expert guidance and advanced at our plant. We have here very long spikes, mostly double flowers with vigorous, healthy growth. The colors are various shades of blue. The spikes are conical and well filled and the laterals are strong enough to give a firm effect of blooms after the main stems are gone. 5-6 ft.....	1 50	12 00
<b>r DIANTHUS</b>				
		<b>Barbatus (Sweet William).</b> Fine, fragrant border plants. June. 18 in.....\$ 45 per 1000..	70	5 00

PERENNIAL PHLOX

r Phlox Subulata

Moss or Mountain Pinks

An early spring-flowering type with beautiful moss-like evergreen foliage, which during the months of April and May is hidden under the masses of bloom. Fine plant for the rockery, border, and invaluable for covering graves or where a carpet of flowers is wanted. Because of its earliness to flower, it needs to be in every rock garden.

			Per 10	Per 100
500	Alba. Pure white.....	\$ 65 per 1000..	90	7 00
500	APPLE BLOSSOM. A real addition in the Subulata class. Dwarf, compact grower, covered with a profusion of apple blossom pink flowers. Will not over-run the rockery. 2½-in. pots.....		1 50	12 00

225	Rosea. Rose-pink.....	\$ 65 per 1000..	90	7 00

Phlox Decussata

Available in 2 yr. field grown, or heavy 1 year plants, or as marked.

This perennial plant is one of the oldest types in gardens. Yet to one unacquainted with the remarkable advances in its betterment in recent years, it is now close to first place in popularity for long period, mass flowering, easy culture, and extreme hardiness in American Horticultural lines. Sharper and more artistic colorings, healthier growths, freedom of bloom, larger flowers and better formed clusters, stiff erect stems, and graduations from tall, medium to rather dwarf (admirably suited to rockeries background work) growths, are vital factors. Blooming period July to October.

			Per 10	Per 100
1000	Aegir. Brilliant scarlet. Does not burn in sun. 2½ ft.....	\$ 90	\$ 7 00	
120	Africa. A bright deep crimson purple with dark foliage and stems. 3 ft..	90	7 00

OAK (Quercus)				
Pin Oaks, a J. & P. specialty, are produced in quantity and handled throughout in a very careful way, to insure safe transplanting. The trees are properly trimmed, the root-system is fibrous and ample, and in shipping we tie in bundles of five, carefully protecting the roots with moss and burlap.

FRUIT DEPARTMENT

EARLY-TO-BEAR FRUITS

These trees were especially grown for specimens—planted far apart in the rows, and root-pruned last year. They were produced to take care of an increasing demand for EARLY-TO-BEAR FRUIT TREES.

STANDARD APPLES

\$9 for 10; \$75 per 100

The Wholesale Prices in our lists apply only on Wholesale Quantities. Orders should call for ten of a kind and size, and beyond that for multiples of ten. Stock in our storage buildings is tied in 10's and we prefer not to break bundles if avoidable
